2026

ENGLISH VERSION

TOUGH
DOESN'T
QUIT

When we say we put our machines to the test, we mean it. That's why we were the first in the industry to introduce a STEELDRIVE transmission, increased the towing capacity to 3,500lbs, and upped the bed payload to 1,500lbs. You don't stop at good enough and neither will we, because tough doesn't quit.

RANGER 500

MAKE WORK PART OF THE REWARD. With work-ready features like a dump box, factory-installed winch and more, this vehicle is the smart choice for those looking to take on to-dos without breaking the bank.

MAKES WORK EASIER

DUMP BOX

Make fewer trips with the gas-assist dump box. It can haul up to 300 lbs., approximately 10 bags of dry mulch.*

TOWING

Save time and energy on property tasks. Plus, a standard 2" hitch receiver easily handles heavy loads—enabling you to transport heavy landscaping materials or large brush/branches more efficiently.

WINCH

Clear fallen trees and remove stumps with the pulling power of a factory-installed 2,500-lb. winch.

POWER

A 28-HP engine delivers the right amount of power for a smooth, controlled ride, helping you work more efficiently.

EASY TO USE

COMPACT WIDTH

Conveniently store and easily navigate small spaces with a narrow 56" width.

USER-FRIENDLY CONTROLS

Get in and go with simple, intuitive controls. Responsive on-demand all-wheel drive (AWD) automatically engages all four wheels when traction loss is detected to keep you on the move.

INTERIOR STORAGE

Grab what you need, when you need it. Convenient interior storage makes it easy to bring and access essentials—such as your phone, beverages and small tools.

LED HEADLIGHTS

Work when it's convenient thanks to LED headlights, providing better visibility than halogens in low-light conditions.

ROOF

Stay comfortable on long days with a factory-installed roof, offering shade from the sun and protection from brush.

EASY TO OWN

HASSLE-FREE MAINTENANCE

DIY maintenance is easy with convenient access to oil, the air filter and other components.

STORAGE SOLUTIONS FOR EVERY JOB

Equip your RANGER with Polaris Engineered storage accessories to pack all your essentials for every job. The versatile lineup includes all-new, easy-to-install patented Lock & Ride MAX accessories — like a Modular Cargo System (MCS), Spare Tire Carrier and Storage Box — that offer limitless ways to customize your vehicle's storage capabilities.

This vehicle features an accessory system built around the need for next level durability and adaptability.

Our next generation of Polaris Lock & Ride technology brings with it an entirely new system of purpose-built accessories and attachments. This means you can configure your vehicle for any job, work more efficiently and get more done than ever before.

With virtually endless configurations and no tools required, you have the freedom to easily reconfigure on the fly and spend more time getting the job done.

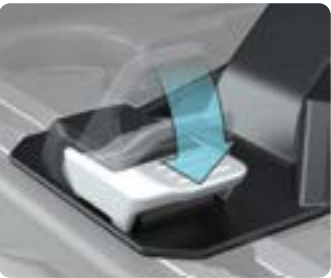

HOW IT WORKS

1. Choose accessories

2. Position on the vehicle

3. Lock accessories into place

4. Reconfigure as needed

REDUCE IN-CAB DUST SWIRL BY ADDING A REAR PANEL.

With a windshield and roof installed, turbulent air develops behind the cab. Add a rear panel to reduce dust intrusion from this swirl.

PLOWS

HYDRAULIC CONTROL FOR EXTREME SNOW REMOVAL

A robust frame and tough blades, combined with a convenient hydraulic angle system, allow your plow to move serious snow while you remain comfortable. Thanks to Lock & Ride technology, the Pro Series comes standard with a convenient kickstand attachment to the plow frame, giving you the easiest attachment.

1000 / XP 1000 / XP KINETIC

Choose a Pro Series Plow System, designed to help you get the most out of your RANGER during snowy months. Select a system based on your plowing needs with premium add-ons including a hydraulic lift system or additional plow accessories.

If using plow system with tracks, Track Plow Extension is required (2889267)

For year-round use, Polaris recommends the use of Intake Update Kit (2880673) on any RANGER XP 1000 '17, RANGER XP 1000 CREW '14-18 with tracks installed. To keep intake system working optimally, this kit pre-filters out fine snow and dust.

1 INDUSTRY-FIRST FLEX-TRACK DESIGN

Front-mounted tracks with flexible sides and a slight inward curve allow for stable handling, a more comfortable ride and precise steering over long-distances or extended working hours.

2 HIGH-DENSITY TIRE WITH ADJUSTED SHAPE

With puncture-proof tires that reduce friction and wear, the Prospector Pro 2.0 Tracks delivers trouble-free performance.

Confidently take on bumps and obstacles with 8" high-density tracks.

3 LIGHTWEIGHT POWDER COAT STEEL FRAME

Proven geometry to improve durability and deliver capability in all conditions throughout the life of the tracks.

A lighter frame provides more flotation to stay on top of the snow and allows the tracks to easily shed the elements they encounter.

4 TANDEM STABILIZER

The bolt-on, tandem mid-roller wheel provides a smoother ride by absorbing shocks.

5 BEARING HOUSING

Outer seals and stainless steel sleeves allow stronger bearing durability and greater reliability.

6 WHEEL CAP & SEAL

A fitted wheel cap with bladder effect eliminates water absorption due to temperature variation. Ride in snow or mud without worrying about track maintenance.

WHEELS & TIRES

OFF-ROAD, IT'S ALL ABOUT
FREEDOM & CREATING
YOUR OWN PATH

As serious riders ourselves, we
get it. And everything we design
is to get (and keep) you going on
the ride of a lifetime. We're for
every style of rider looking to go
beyond the expected with a ride
that will make your story epic.

WHY CHOOSE PRO ARMOR?

SUPERIOR PERFORMANCE & DURABILITY

LIFELONG PERFORMANCE

- Every tire is designed and constructed with **longevity** in mind
- **3,000+ mile rated** (4,828 kilometers)

PREMIUM PROTECTION

- Pro Armor makes tires with **extra protection** exactly where it's needed most – the sidewall
- **Triple-belted sidewalls** keep your tires more resistant so you can keep going
Many competitors only use double-belted sidewalls

TOUGH TIRES

- Higher ply ratings mean added protection
- Pro Armor builds 8 or 10-ply rated tires for **higher puncture-resistance**

TIRE SEALANT

24 X 7 COVERAGE | BE PREPARED FOR ANYTHING

HOW IT WORKS

- 1 Tire sealant remains liquefied inside the tire until a leak develops in the tire or wheel.
- 2 Once a leak occurs, the tire sealant rushes out of the tire and quickly creates a permanent solid plug, maintaining tire pressure so you can continue your ride.

HOW MUCH DO YOU NEED?

$$\text{TIRE HEIGHT (IN.)} \times \text{TIRE WIDTH (IN.)} / 5 = \text{OUNCES REQUIRED PER TIRE}$$

PREMIUM TIRE SEALANT

- Instantly seals and repairs rim, bead leaks and punctures up to .25" on standard tires and .75" on heavy ply tires
- Helps seal the tire bead against the wheel
- Creates permanent repair, helps maintain air pressure for the life of the tire
- 100% water soluble for easy cleanup
- Remains fluid and effective in temperatures down to -45° F
- Will not rust, corrode or pit wheels
- Easily installed through existing tire valve stem with valve core removed

HOW TO INSTALL

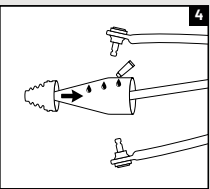

Remove wheel and axle nut.

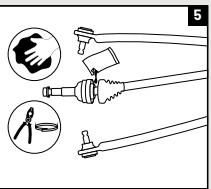

Remove brake caliper, hub, tie rod and upper and lower ball joints.

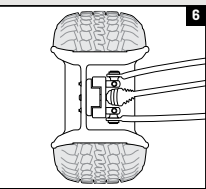

Remove old boot and clean joint.

Spread silicone lube on entire cone tool. Slide boot over cone tool, large end first. See package for outer boot instructions.

Empty the bag of grease into the CV joint/boot, clean sealing points and install clamps.

Reassemble tie rod, ball joints, brake caliper, axle nut, tire and wheel.

Refer to your service manual for further instructions and torque specifications.

*Designed for temporary CV boot repair. Purchase the OEM CV Boot for a permanent repair.

PS-4 EXTREME SYNTHETIC 0W-50

- Our best extreme high and low temp formula, excellent for high temperatures and racing, even at temps of 130°F, plus easier cold starting even below -45°F
- Expect the best in wear protection thanks to premium PAO and ester base stocks combined with a balance of moly and ZDDP additives
- Polaris exclusive clean engine additive system reduces deposits and carbon build-up for peak performance and power

THE BEST PROTECTION, MAXIMUM PERFORMANCE

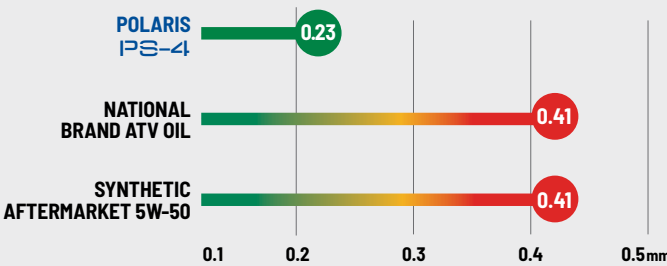

- Powersports grade full synthetics provide long lasting engine protection
- At least 40% improved wear protection compared to all aftermarket oils tested (see engine wear test chart)
- Polaris exclusive clean additive system
- At least 50% less deposits than all aftermarket oils tested (see deposit test chart)
- Cleaner engine with less deposits means consistent maximum power and performance

WIDEST VISCOSITY FOR ULTIMATE PROTECTION

ENGINE WEAR TEST

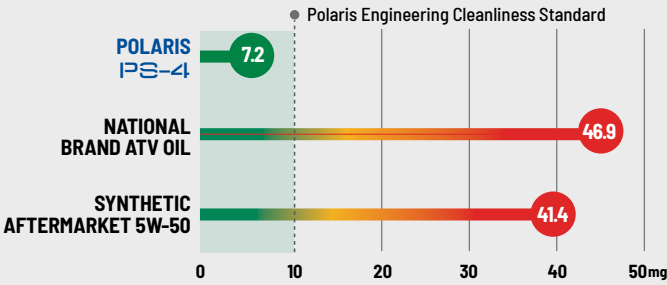

LOWER NUMBER = LESS ENGINE COMPONENT WEAR
LESS WEAR ON PARTS MEANS LONGER ENGINE LIFE

ASTM D4172. In 3rd party testing against 9 competitive products Polaris had 40% or better wear protection compared to all of the tested products. Numbers represent mm of wear scarring measured. Test measures wear at contact points, wear scar is measured for its length and width (in units of mm). Lower wear numbers mean better wear protection and friction reduction.

DEPOSIT TEST

LOWER DEPOSITS = MAXIMUM POWER

ASTM D6335. In 3rd party testing against 9 competitive products Polaris PS-4 had less than half the deposits compared to the next closest product. No other tested products met Polaris Engineering standards for deposit cleanliness. Test measures mass of deposits in mg in high temp, high stress test cycles. Higher deposits will impact engine power and performance.

THE AMERICAN POWERSPORTS CO.

At Polaris, we believe being an American company isn't a sales pitch; it's a way of doing business. It's the place we call home. The place our riders call home.

It all began here in America—over 70 years ago—in a small factory in Roseau, Minnesota. There, our founders forged a company built on American values, grit and ingenuity. That factory is not so small anymore and still operates to this day—creating jobs and producing the best our industry has to offer. The best America has to offer.

Today, we continue to design, engineer and test our industry-leading vehicles with owners like you—right here on American dirt, sand, snow and soil.
